DVM, DECVIM-CA (Oncology),

v soboto, 11.11.2017 ob 10.uri

**FELINE LYMPHOMA:**  
the 50 shadows of a  
disease and its  
differentials

## Dr Laura Marconato

Centro Oncologico Veterinario, Sasso  
Marconi (Italy)

Dr Marconato obtained her degree in Veterinary Medicine (School of Veterinary Medicine, Milan) in 1999 and is a Diplomate of ECVIM-CA (Oncology) since 2008. In 2000-2003 she trained in medical oncology at the Veterinary Oncology Service and Research Center (West Chester) and at the Veterinary Oncology Services' Radiation Center, Chalfont, PA, USA. In 2009-2011 she worked as co-head of medical oncology at the Animal Oncology and Imaging Center, Hünenberg (Switzerland), before returning to Italy as head of medical oncology at the Centro Oncologico Veterinario in 2011 (ongoing position). In 2011-2015 she became President of the Italian Veterinary Oncology Society (SIONCOV). Since 2014 she is the Chair of Workgroup 2 (Therapy) of the European Network of Canine Lymphoma. In 2017 she obtained the National Scientific Habilitation for Ordinary Professor.
