Global Director of Clinical Consultations, Zoetis

## INSIDE THE WEBINAR

Senior cats have a special set of needs, and it's up to us to make sure their owners have the tools to meet them. Learn how to make the most of senior wellness visits and communicate with owners about preventive care diagnostics, which can help improve quality of life.

### WHAT YOU'LL LEARN

- Recent life-stage guidelines
- Unique components of a senior wellness visit
- Common senior illnesses and conditions
- Value of follow-up diagnostics
- How to have a conversation with pet owners about managing serious illnesses

Follow Charlie's case through this senior-focused webinar.

This program is approved for 1 hour of CE credit in the jurisdictions that recognize RACE approval.
